Enchantments

Each enchantment in the table below includes attributes that are possible for the player to acquire legitimately in Survival mode. Attributes can be changed in the enchantment configuration files.

- Max Level:** Maximum levels for enchantments.
- Primary Items:** The items that can receive the enchantment legitimately in Survival mode by using an enchanting table.
- Secondary Items:** Items that, in Survival mode, cannot receive the enchantment from an enchanting table but can from an enchanted book with an anvil.
- Weight:** Relative probability of the enchantment being offered.

ⓘ The most of the enchantments has a configurable per-level probability to be triggered.
